

A close-up photograph of two hands, one from an adult and one from a child, with their index fingers touching. The background is a blurred blue-toned environment, possibly a workshop or training center. The text is overlaid on the bottom half of this image.

Training Autumn - Winter 2020

MAN PrimeServ

MAN PrimeServ Academy
Piraeus

Adapting to market needs

With the COVID-19 situation all around the world, we are aware that all business sector including the businesses of our customers and business partners are facing unique challenges.

We at MAN Energy Solutions have done our utmost to support our partner network with training possibilities through this difficult period.

We are very proud to have hosted a number of online courses for our network and are proud that since 9th June 2020 we re-launched our physical courses within the physical premises of our Academy.

Rest assured that the safety and well-being of the course participants and academy instructors is our highest priority. Therefore PrimeServ Academy Piraeus has taken all relevant measures and followed government guidelines and strict protocols to ensure a safe and healthy environment for all participants. We are also constantly updated on the government instructions and immediately adapt to all requirements.

Training options

You now have the possibility to choose between Physical presence training (within PrimeServ Academy Piraeus) and Online Training through our online platform

Physical presence training

Physical presence training re-launched in June 2020 after the pandemic restrictions. You are welcome to join one of our physical presence trainings within our Piraeus state-of-art premises. We have taken all relevant measures - and are constantly adapting to all new requirements - which include all the government guidelines and protocols to ensure the safety and health of all participants.

The PrimeServ Academy Piraeus has been modified in order to host a maximum number of 10 participants. All participants must follow the current governmental guidelines in regards to quarantining in case of travelling.

Sanitization corners and all other relevant health and safety material have been set out in order to ensure the safety of all persons involved.

Online training

Taking market needs into consideration, we also offer the ME-C control system standard operation course online. This online course covers only the theoretical part of the ME-C control system standard operation.

Upon completion of the ME-C control system standard operation Online Part 1, in order to acquire the full Certificate, the participant shall also attend the ME-C control system standard operation Practical Part 2 course at our PrimeServ Academy Piraeus. During Part 2 the remaining practical parts of the ME-C control system standard operation course will be covered.

A Certificate of Attendance will be handed upon completing both the online Part 1 and practical Part 2 mentioned above

Physical presence training
